

Important Notice Regarding Hakone Ropeway Service and the Continuation of Substitute Bus Service

Hakone Ropeway operations have restarted between Owakudani and Togendai Stations. Substitute bus service is also available as noted below.

Operating Sections

Hakone Ropeway

Owakudani Station – Togendai Station

*Hakone Ropeway service will remain suspended between Sounzan and Owakudani Stations.

Operating Times

9:00AM – 3:30PM (Scheduled)

*Hakone Ropeway is out of service for regularly scheduled inspections on the 2nd and 4th Thursdays of each month.

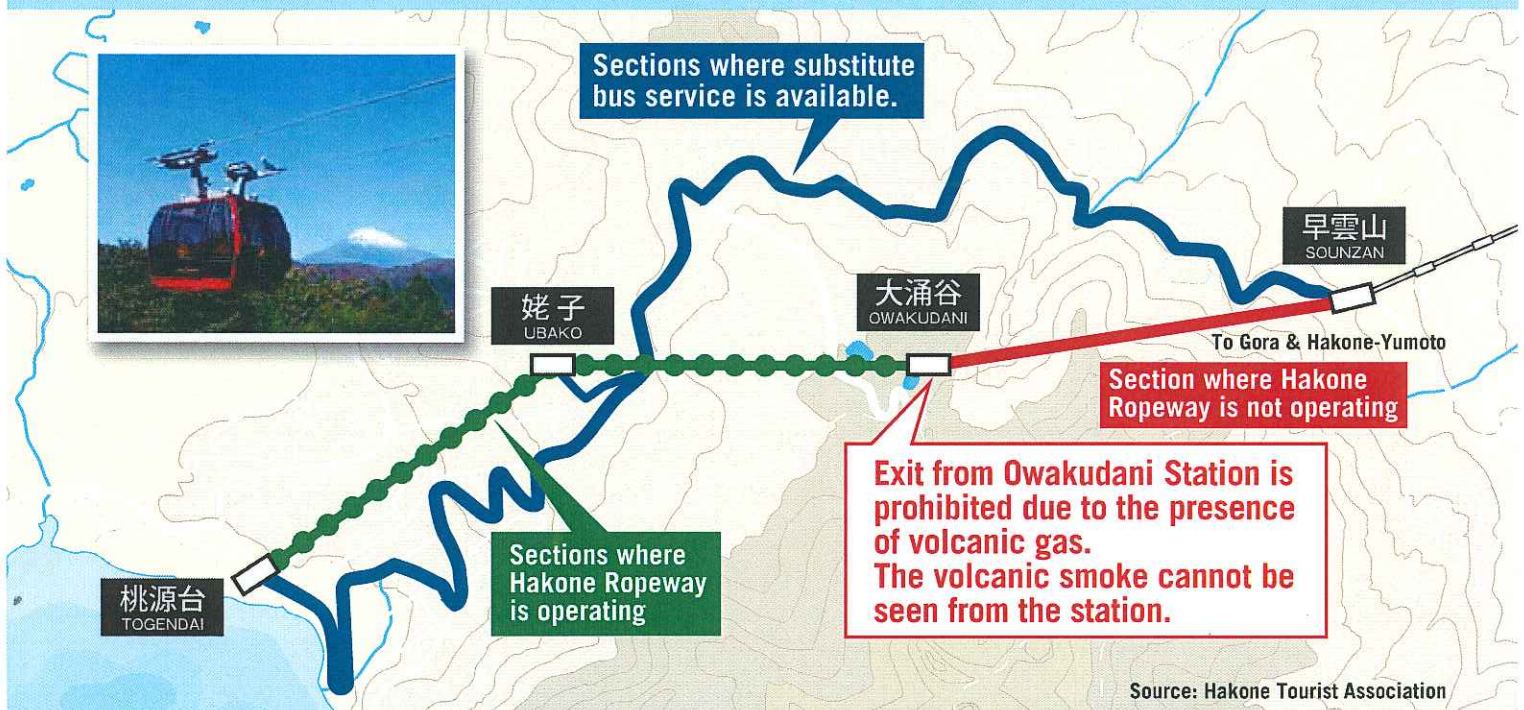

*Hakone Ropeway service may be suspended due to increased concentrations of volcanic gas, and other conditions beyond our control.

Tickets

Hakone Freepass & Fuji Hakone Pass are accepted

*Standard Hakone Ropeway fare applies to individuals without Hakone Freepass or Fuji Hakone Pass.

The presence of volcanic gas may affect individuals suffering from asthma, respiratory, heart or other health issues. With this in mind, use of the ropeway between Owakudani and Ubako Stations is not recommended. Please visit the Hakone Ropeway website for more details.

Hakone Ropeway Substitute Bus Service (where ropeway is not in service)

Operating Sections

Hakone Ropeway

Sounzan Station – Ubako Station – Togendai Station

*Because traffic is prohibited between Owakudani junction and Owakudani on prefectural road No. 734, the route does not include Owakudani Station.

Tickets

Hakone Freepass & Fuji Hakone Pass are accepted.

*Standard Hakone Ropeway fare applies to individuals without Hakone Freepass or Fuji Hakone Pass.

Operating Times

8:45AM – 5:15PM (March-July/September-November)

8:45AM – 5:30PM (August)

9:15AM – 4:15PM (December-February)

Time required from Sounzan Station to Togendai Station: approximately 25 minutes

*No service between Ubako Station and Togendai Station between the hours of 9:00AM – 3:30PM.

During times when the ropeway is not running due to inspections or bad weather, bus service is offered instead.

*Buses run every 15-20 minutes; however, traffic conditions may affect times.

For Inquiries

● Odakyu Sightseeing Service Center / TEL:03-5321-7887(8:00AM-6:00PM)

⚠ 重要なお知らせ

大涌谷火口域周辺は火山活動の影響により、火山性ガスが発生しております。ガス濃度につきましては随時計測を行い監視しておりますが、次の方は、生命に関わりますので、大涌谷駅へのロープウェイにはご乗車できません。

- アレルギー性ぜん息の方
- 気管支疾患の方
- 呼吸器（肺）疾患の方
- 心臓疾患の方
- 心臓ペースメーカーを装着している方
- 体調不良の方

また、高感受性の方（妊娠中の方、新生児・乳幼児を含む）やアレルギー体質などをお持ちの方、ご高齢の方は、ごく微量でもぜん息の発作などをおこす可能性がありますので乗車をとりやめることも含め充分ご検討下さい。

また、火山性ガスによる事故防止のため、ご心配な方は、ゴンドラ内ではお配りしたメディカルシートで口や鼻を覆うようにしてください。万が一体調が悪くなられた場合は駅係員にお知らせくださいますよう、お願いいたします。

なお、緊急時は、係員の指示に従ってください。

※大涌谷駅では駅舎外に出ることや観光は出来ませんので、速やかにお乗り換えください。

箱根ロープウェイ

⚠ Important information

Volcanic activity around Owakudani crater is causing volcanic gas to be emitted. The levels of gas are constantly monitored. However, the following people should not ride the ropeway to Owakudani Station as it may be life threatening.

- allergic asthma
- bronchial complaints
- respiratory (pulmonary) complaints
- heart complaints
- using heart pacemaker equipment
- poor physical health

There is also a risk that even small amounts of volcanic gases might set off an asthmatic attack in sensitive customers (including pregnant women, newborn babies, and small children) as well as people who suffer from allergies, and the elderly. We urge you to consider your trip carefully, choosing not to use this ropeway, if appropriate. Additionally, to prevent accidents occurring due to volcanic gases, please be sure to cover your mouth and nose with the wet cloth provided when in the gondola.

In the unlikely event that you feel unwell, please inform station staff.

In emergencies, please carefully follow the directions of staff.

※It is not possible to leave Owakudani Station or do any kind of sightseeing, so please transfer quickly.
